Dear Friends and to whomever it May Concern,

I am writing to you today as President of a human rights group called, People Against Covert Torture and Surveillance, International and in support of:

WhiteBuffaloCalfWoman TwinDeerMother, Holiness David Weekley Running Eagle Shooting Star, and Alightfromwithin.org for their supporting works associated with Pacts International.

Our organization was formed to advocate for victims, educate the public, and bring awareness of the illegal activities of these harassment groups. The proliferation and abuse of remotely-invasive technologies is ruining the lives of many thousands of citizens in the US - including the recent US diplomats to Cuba and China - and millions of people worldwide.

We are seeking legislation, protection, and freedom for victims.

For more information, please visit our website and contact us via the address listed above or contact me at the number listed at the end of this letter.

Many thanks for listening.

Peace & Liberty,

Derrick Robinson, President
